(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright. We're still working with the energies of Exalted Love from our regular Wednesday teaching and enjoying those vibrations very much. So I thought to augment that particular work that we have done, that I would bring in a pale yellow color. And this one I am going to call the "Power of the Sun".

Sunshine, as you know, has healing properties and stimulates growth on your planet. The Power of the Sun, as we move into the sign of Leo, coming up not too far from here, has energies that can be used esoterically. The Power of the Sun is something that you can actually embody. And let's take a moment to breathe and absorb that pale yellow color.

For those of you who work with the Wednesday topic "Exalted Love", these two energies are very, very nice together. Those that are just working with the "Power of the Sun" are [still] going to feel an increasing vibration in the body.

And essentially if you think about the purpose of the Sun, you have that fire. You have life giving force coming out in *all* directions from the Sun, that which warms and gives life and transformation. So embody the Power of the Sun and feel that energy and let it build.

During this particular time period, what you are going to be seeing with other human beings is a very distinct willingness to embody their power and become empowered, or a very distinct unwillingness to step into their power. So I would say, be not afraid of Power. It is what you are made of. It is your essence. It is what Creation is - powerful energy in motion.

You might also consider channeling the Power of the Sun, so you are more of a conduit of that energy, of that life giving force. It might put a whole new twist on the term "sunny disposition". And again, let the Power build. Let the Power of the Sun build. Each breath making it *stronger*, more *vibrant*.

"I am willing to be in my power at all times." I will repeat that affirmation for you. "I am willing to be in my power at all times." And when you feel that you have empowered that particular affirmation, then move to the next one, which is really a claiming: "I am in my power at all times." Or you could say: "I *am* in my power *now*." And of course, say that frequently throughout the day.

Alright dear ones. This has been my Spirituality Article, information for this particular week. And as always, the messages are progressive and time sensitive, so we will keep bringing you an update weekly.

Thank you and my love to you,

Djwhal Khul
