And here is Djwhal Khul’s latest Spirituality Article, information complimentary every Thursday:

(Channeling begins)

Djwhal Khul here. Tashi Delek.

Let’s begin with a beautiful violet flame that is transforming and transmuting. We want to see a violet flame literally coming up from the Earth like an eternal flame or something permanent that is stationary within the Earth that offers [ongoing] transformation. Actually it does quite a lot. It is transfiguring, transforming, transmuting and purifying.

So we see that Violet Flame coming up from the earth. You can literally just [see yourself] in it. Now sometimes it will look like a beautiful violet colored lotus flower with you sitting in the center of it. Sometimes it will be fiery flames coming up depending upon on the amount of clearing, cleansing, transforming, that is required in your consciousness at the moment.

I use this particular energy because we are in a time period where we want to see communications moving forward rapidly. We also want to see any cloudiness around communications become clear and concise, and able to easily be discerned.

This ties in with Trust be revealed, which is our current time period. We are really in that revelation of Truth being apparent to all who seek it. Now the violet transmuting flame is something that can be willfully placed around the planetary consciousness.

In other words, if you know of an area where people are suffering, you can send the violet transmuting flame. If you know of an area where wildlife is suffering, send the flame. If you know of an area where there has just been a wildfire or a hurricane, a tornado or a volcano erupting, send the violet transmuting flame. This is extremely helpful to all of humanity and to all of the other kingdoms at this point in time.

In your own consciousness, you can use the violet transmuting flame to clear any residues or challenging lessons that you are going through, including the way in which Pluto, going direct in Capricorn, might affect your chart. You can clear the way that you feel about politics in a given moment, or the economy, or peace versus war. That sort of thing.

Bring the violet flame, with its transforming, transmuting, and purifying qualities into any given situation, and really let it flood your consciousness. It brings about a state of purity and clarity for the Truth.

Truth is relative. I think that everybody understands that. And it is also personally owned. However, when we get to the pure level of the Godhead, or the highest level of consciousness, what happens is a resonance with the Divine Will. It has nothing to do with the way that humans would interpret Universal Laws or Truth, or the way in which humans would shape the world, for better or for worse. It is absolute pure resonance with Truth at that level of Creation.

See yourself constantly consumed by violet transmuting flame, so that it is very rapidly clearing out your own consciousness, bringing about the abundant Universe, and then send it around the planet as needed. Never directing it upon a certain person who you 'think' might need it, but around the planet as needed.

Alright dear ones, this has been your Spirituality Article information for this particular week. Thank you and my love to you.
