And here is Djwhal Khul’s latest Spirituality Article, information complimentary every Thursday:

(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright. We are going to work with a vibration of gold and I am going to work with two levels of gold consciousness. One would be the metal, gold. We are going to work with the very pure 24 karat gold vibration. We are just going to experience that in the body.

We begin to have a very specific pattern or feeling. Sometimes the aura will actually turn gold or will appear as though the skin is jaundiced when you are working with this particular vibration. It does have a lot of healing power.

Now we are going to add 12 Ray gold. That can look anywhere from a metallic gold to a kind of yellow gold or marigold flower color. It can also be just a very pale sheer gold almost like sheer curtains or fabric with a little bit of a gold sheen to it.

Now the 12 Ray vibration of gold color is the Christed consciousness essentially and it also has a strong healing power. Now we are going to work with specifically the positive aspect of that Ray quality only.

All things in Creation have positive, negative or neutral. We are working with a Holy Trinity within them. We are working with the positive aspect only.

Let's invoke that particular vibration, adding it to the vibration of the gold metal and we are going to work this in the body a little bit. It begins to heal things so if you have been having allergies it might go to work on your sinuses. If you have been having stomach troubles, you might feel a little bit of Chi moving in the stomach area. If you have maybe been having trouble with a knee joint, it might begin to twinge a little bit or maybe even ache a little bit. That tells you that the gold healing energy is going to its target place. It is beginning to work and what it does is move the Chi that is stagnant or move the energy that is stagnant.

So when energy is flowing, the body is in a good state. When energy is stagnant, the body is in a state where it requires healing or it is moving into a stage of death or something of that nature. And by stage of death I mean in varying degrees from having a few allergies all the way to taking the last breath. So there are varied degrees of death. They start with just the immune system a little weakened, all the way to whatever.

So the gold healing light, let's just reinforce that. We want the vibrational frequency of 24 karat gold and we are adding to it the positive aspect of the 12 Ray. You can learn more about the [12 Ray Attunements](#) on the website if you are interested.

The 12 Ray vibration gold, positive aspect only, infused with that same vibration, you should be getting a nice vibrant tingling effect all over and with the eyelids closed, you may see a gold color on the back of the eyelids, that would be a normal use of this energy.

Alright dear ones. That has been your Spirituality Article information for this week.

As always, thank you and my love to you,

Djwhal Khul
