And here is Djwhal Khul's latest Spirituality Article, information complimentary every Thursday:

(Channeling begins)

Djwhal Khul here. Tashi Delek.

We are going to begin please with the Invocation for the energies of Uranus. We have a retrograde motion now that will provide about 5 months of rewinding or reviewing and altering outcomes and incomes, both situations I suppose. The outcome can be reversed easily. That is basically what I am letting you know.

I went into a little more detail in the [quarterly forecast](#), but basically in your dream state, probably most of last week you noticed you were very, very tired, mandatory naps, needing an extra hour or two of sleep but not really feeling that you had much choice about it. I was working extensively with the World Servers and the Light Workers, preparing for this particular launch of sorts.

So rewind, literally, back to, and I would just choose your biggest issue, whatever that happens to be. It might be a relationship thing, it might be health, it might be finances, it might be a career. Find your biggest repeating pattern that you are ready to change. When you kind of rewind and review it, chances are you have been doing the same things over and over again with the same basic outcome and that is why you are basically caught in a loop there.

This is a time when you can just decide to change the outcome and then the next step will be to take action in different directions. In other words, don't repeat the same behavior or think "All I have to do is think it is so, and so it is." You are a manifestor. As you make a decision, you reach a thought, then you add an emotion to it and then perform physical action in that direction.

So that is my basic information for this particular week, "How to reverse an outcome." You have a good five month window, but I would start now. It is quite likely there is something rather deep going on that it might take quite a bit of time before you can get it fully reversed or turned around.

So as always, I send my love to you. Also sending many blessings and wishing you a very happy holiday for those who do celebrate it. Thank you and my love to you,

Djwhal Khul
