And here is Djwhal Khul's latest Spirituality Article, information complimentary every Thursday:

(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright. We are in a very interesting time period, to say the least, as we zoom towards the end of the Mayan calendar. One of the things that is heightened right now is creating and creating from the space of Love.

So when we work with loving, what we're doing then, of course, manifestation works quite quickly.

So I am leaving you to ponder on what it is you *really, really* love and then work with that as a way to sustain yourself and perhaps even excel to serve many other people and whatever else comes to mind to you in terms of your productivity.

So creating with love and loving what you create. Very important key elements for this week's Spirituality Article.

Now I can also talk for a moment about pondering. When you ponder on something, you stir the creative energies and you may perhaps ask a friend or a loved one to ponder with you. "Let me play out an idea and you can be my sounding board" or "We'll put two heads together and see what happens." So "I'm pondering starting an energy healing clinic" or "I'm pondering taking art classes" or "I'm pondering creative writing" and that sort of thing.

So pondering does produce quite a bit of power and it will eliminate that which does not serve and it will accelerate that which it does serve.

All right dear ones. This is your Spirituality Article information for this particular week. I hope that you have enjoyed it.

Thank you and my love to you,

Djwhal Khul
