(Channeling begins)

Djwhal Khul here. Tashi delek.

Alright, dear ones. This week I want to talk a little bit about solar activity, because I'm seeing kind of maybe a rapid-fire sequence coming soon.

The solar activity tends to create disruptions in the magnetic field upon the planet, and certainly disruptions in lots of energy fields in general including your own personal one, not to mention magnetic instruments, satellites, radio waves, cell phones, battery activity, etc.

So there is going to be kind of a, almost a constant "boom - boom - boom, boom - boom - boom" kind of bombardment. Energetically, in the auric field, and I mentioned this in the *Three Star One* introduction which you can find on the website inside the [Glossary](#), go to *Three Star One* and find that information. We'll have a transcript soon too. But basically you want to redirect any defenses that you have constructed in the body, physically or emotionally or mentally, and repurpose them, if you will, into your auric field. Almost like you would see an egg shell protecting the embryo.

So, rather than "tough around the yolk" you want the tough energy on the outside of the aura shield. You can talk to your consciousness quite easily and redirect it there. Ask the cellular intelligence to repurpose itself. Maybe it's a stiff neck of something. You want to kind of take that protection and put it on the first line of defense, the outer edge of the aura, and then relax the neck muscles and the connective tissues and perhaps allow the vertebra to go back into place or whatever else is going on. Fat cells can be redirected. Stubborn thinking can be redirected. Denial could be redirected. Maybe aggressive verbal tendencies, to maybe be combative with people, you can redirect that energy.

So any level, physical, emotional or mental, you can redirect the energy. That will assist your own personal energy field to better handle the magnetic disruptions coming. And of course it's always good to let go of some of those things that don't serve you so well anymore. Think in terms of repurposing for this time period.

It also produces an effect upon weather patterns, water, anything water and air. Sometimes air travel is greatly affected, floods. We will also be seeing a little bit more inner fire from the Earth coming out like volcanoes or earthquakes releasing pressure, etc. It has been well prophesied for this time period and certainly it seems to be manifesting on time.

Alright, dear ones. Have fun reinforcing your aura. Keep it nice and strong. If you like gadgets or vibrational elixirs, any kind of tools that you have are also good.

Thank you and my love to you,

Djwhal Khul
