And here is Djwhal Khul’s latest Spirituality Article, information complimentary every Thursday:

(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright. First of all, I want to work with vibrant light or energy dancing on top of the head. You can imagine maybe just a ball of light there, but *vibrant*. You know, very alive, playful, dancing on top of the head. And do your best to feel that energy.

Now I would work with sort of a white ball of light or maybe golden white color, very, very vibrant.

What we are doing here is working on what I might call circuitry or communication pathways. We have a Tele-Seminar on "[Channeling Your Masterful Self](#)" that is also to connect with that Higher Power but essentially what you are doing with communication pathways is acknowledging your Oneness in the Universe, or your interconnectedness to all of Creation.

So that ball of light dancing on the top of the head is one of many techniques that you can use. Then what I would like to add to that is something like a white laser beam coming in even further above that, coming straight down into the top of the head and that again kind of saying you're connected to the umbilical cord of Creation if you will, or that the Spiritual Centers all come from One source.

Alright. So opening communication pathways. Opening especially to all of your spiritual connections.

Working with the frequencies of Love and in our [Wesak 2011](#) celebration, we talked about continuing to transcend belief systems into Love. So keep practicing speaking words of Love, even if you are talking about you know a very debatable issue these days, frame it from a perspective of compassion for all living things, or compassion for all beings, the Love of Creation for all of Creation, keep that energy going please.

Alright. As always, thank you and my love to you,

Djwhal Khul
