(Channeling begins)

Djwhal Khul here. Tashi Delek.

Working with a spiraling motion here, moving through the head, that tends to keep the telepathic energies open, and a few other things. What I want to talk about right now is Atlantis.

There is what we call a spiral of Creation or some would see it as a circle that keeps repeating itself, as history repeating itself. And if you look at it as a circle that spirals upward, you come to the same point every now and then. So the point we're at now is Atlantis.

And take a moment to reflect back perhaps, maybe if you can recall some of your lifetimes there, if you had some. And then we want to look at what that historically represents within Humanity, which is a lot of technology, a lot of ability to work with healing frequencies, a lot of miraculous things happening. There certainly were space brothers and sisters coming and going, there were experiments done, kind of cloning, and other very, very advanced things were going on in Atlantis, and then experimenting with the power of crystals.

Now, NOW, on this rung of it, we're going to be working with nuclear or atomic power and some other things really that have been kind of technology brought from that time period that is just coming back out again now.

So essentially when we look at the fall of Atlantis, there was a lot of earthquake activity, a lot of underground volcanic activity, or underwater, as well as on land.

And there was power or control issues. The abuse of power specifically and that and experimentation getting out of control. So those are the things that as lightworkers devoted to world peace that we want to see those things within Humanity tempering out or being quelled and then the Will of Good and the concept of equality and balance coming in, in its place. Thus that is the inner work to do upon oneself as well as within the family unit.

There is an old proverb that says "Before you try to change the world, walk three times through your own house". The work is always within and then emulating it and giving examples that others may follow.

So we are revisiting the Atlantean time period and close up behind it is going to be Lemuria, which was even more interesting. So I'll let you know when that one is coming.

As always, thank you and my love to you,

Djwhal Khul
