And here is Djwhal Khul's latest Spirituality Article, information complimentary every Thursday:

(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright. We have Chinese New Year on the New Moon. It's the year of the Black Water Snake, it can be quite a prosperous year for many. You can set your intent towards that energy and know that it will require some changes.

What is being called for now is to actively change self, so self-improvement, correcting wrong doings, working in the world from a higher vibration, responding to situations with more mastery, etc. And that is the true guide to prosperity there.

We will also have Mardi Gras and the vibration under the current influence of Jupiter energy, that is also very prosperous. The energy on the inner planes around Mardi Gras looks very festive, vibrant.

Again probably a more appropriate time to make New Year's resolutions right around Mardi Gras, that day and the next day.

So vibrationally think about how you're putting yourself forward in this New Year and what you want to receive as an outcome and what you are willing to do to achieve those.

Alright Dear Ones. As always, thank you and my love to you.

Djwhal Khul
