(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright. What we’re going to work with this week is Vibratory Healing Fields and how to construct them. So we can work with the previous two teachings that we’ve done, “[Love Eternal](#)” and “Dawning of Vibratory Healing”. Those are the two more recent ones and we’re going to then invite everyone who enjoys the idea of setting up Vibratory Healing Fields to do so.

So essentially what you will do is you can either walk the boundaries of the area, so it can be around your home, literally around a specific field (pause, sneeze) One moment. The windows are

open cause it's in the 70's and 80's in Arizona despite the date and it's a little bit dusty with some premature spring pollen too. Alright then.

So you can also build a grid system, say around your entire town, strategically planting some crystals or whatever and then construct some healing fields from there. You can even just take a map, you know like a map of the town or an aerial map from Google or something and draw the boundaries of where you want to set up the healing fields and then you can pendle over that area to keep a specific vibratory rate.

So I'd like for you to practice with high vibratory frequencies and the best way is to feel it in your body literally rather than recite a certain Hertz frequency or something. You just want it to have it be somewhere in (ROQ is trying to rub his face on the computer which would close the camera) rather than have it be a frequency you have been told about, feel it in your body, get a really high vibrational rate and then disperse it into the healing field.

Alright Dear Ones. As always, thank you and my love to you.
