(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright. I'm just going to seat myself here just a little deeper into the channel's body and the topic for this week is "Joy Elementals" and how to invoke them, how to let them work through your

expression and your being. And the concept here is that it *is* spring, leap with joy, let every step forward bring more joy into your life.

And also we want to pull upon the joy elementals; the ones that occupy beautiful flowers for example or leaves budding on a tree. Now if it happens to be fall for you because it's in the southern hemisphere, you might look at a leaf turning color and admire its beauty. Or whatever else is happening in nature is one way to tune into it.

Then you can also simply invoke joy elementals into your being. So we'll do that now together.

"Joy elementals enter my being and *express* yourself through me".

You'll find that you do get a little burst of joy, perhaps feel more energy, more lively and that sort of thing. So then you can practice just taking little leaps. If you've got balance issues or something, do a very small one or a pretend leap, that you can just say "I leap forward with joy" and "I express joy elementals".

Alright Dear Ones. As always, thank you and my love to you.
