(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright. My topic this week is to kick start that Venus entering Cancer time period and to talk a little bit about what it is reflecting back to lightworkers.

This one in particular on the heels of our Sacred Full Moon or [Wesak](#) is very much a time to reorganize the soul or to look at the amount of beauty and love that you have coming into your daily life or into your service work and just reorganize, almost a realignment of the soul so that you’ve got everything really coming with love into your home base, whatever your home base happens to be.

So it's a time for more love, more harmony, in the physical body; certainly the emotional body has to be in excellent shape and your feeling 'at home' on this planet needs to be somehow cleared of clutter or reorganized so that it flows better.

So contemplate that or really work on how else can you open the flow in life and reorganize so that you're more aligned with your soul's design.

Alright Dear Ones. As always, thank you and my love to you.
