And here is Djwhal Khul's latest Spirituality Article, information complimentary every Thursday:

(Channeling begins)

Djwhal Khul here. Tashi Delek.

We are going to talk about the Mercury retrograde a little bit, but more so I think what you have as an opportunity as a conscious seeker would be to use the time period to commune with Source directly.

So when we look at Source, as a communicator, what do we experience? Really sort of a whole package or physical, emotional, mental, spiritual, ethereal type of receiving mode.

So what I'd like for you to just play with would be the way the Solar system is constructed, Mercury being the closest to the Sun, your source of light and then just sort of send your consciousness out into whatever seems to be the closest communication to Source, whatever that is for you. So you could think cosmically, like go to the center of the Universe, or maybe the center of the Multiverse, and play with what is the first thing that gets the energy from Source and see if you can center your consciousness there and just receive.

This is a very good exercise to do while you're going to sleep. Then I would say just let yourself, almost like there's a gravitational pull, just come right into Source and be absorbed completely and then come back out into the closest communicator to Source and then bring all of that awareness back into this incarnation. Just keep practicing it.

This retrograde really is a very good opportunity to slow down and review things and carefully communicate your thoughts and your feelings and receive Universal Wisdom or Multiversal Wisdom.

Alright Dear Ones. As always, thank you and my love to you.
