Djwhal Khul here. Tashi Delek.

Well let's see here. We have of course a total eclipse of the Sun affecting the planet and a good portion of the USA's astrology chart. We have that on a New Moon which is a very interesting window of energy. So that is August 21 that I am speaking of.

That Moon is in the latter part of Leo and then will enter Virgo that same day. So the Sun will also move into Virgo on August 22, so the energies are interesting to say the least.

We are also in a precursor of a dicey time in September. We're also seeing heightened activity in the Ring of Fire and a heightened cosmic and solar activity kind of bombarding the Earth Aura.

So I'm going to say buckle up, hold on to your seat, perhaps be very tuned in about staying away from unstable people or unstable locations.

Alright Dear Ones. As always, thank you and my love to you.
