(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright. We are going to begin with a violet flame, coming up around the body. Violet flame is purifying. It’s also transforming. And what you have right now is a lot of transformation happening, very, very rapidly, in your life and there is a lot of transformation occurring as well on a global level for all of humanity.

Now we are going to work with that constant burning away of the old. Now on a daily basis, you might want to light a candle and speak into the flame that which you are now releasing, that which you are willing to turn over to spirit for purification. If you can safely do so, you can write the things down that you want and burn them. You know, again very carefully. It works even better if you can then bury the ashes in some way. Of course, if they go to a landfill they get buried. You can tuck them below a house plant, that sort of thing, or out in the yard if you have one. But it is a time to get rid of the old as fast as possible. Particularly so, that which is no longer working for you, no longer producing positive results or has become an energy drain. Very, very important. Alright, so violet flame is one of the key elements there that is extremely helpful.

We are going to talk also a little bit about some of the side effects which include fatigue, dietary changes, mood swings and I think perhaps, most of all, relationship changes. Now this could be relationships with others, relationship with yourself, relationship with a significant other ... [One moment we have a cat eating a paper clip. Alright paper clip safely in my hand.]

So we have that violet flame, this [effect] I see going on till about September 9th. So till 9-9-2008 but even then we still have the effects of Pluto going pretty much through 2008.

So my encouragement is go ahead and start making changes in your life for the better, the quicker you can let go of what is not working the better. And even if it is a simple action of cleaning out your pencil cup and getting rid of your pens that never work any more, that you are never going to refill, or going through the junk drawer and getting rid of the old outdated flyers or what not. Do something as immediately as possible. Just spend 5 minutes getting rid of something old that is no longer serving you and it will make a great deal of progress for you.

I hope you have enjoyed this Spirituality Article Information for this particular week. Also timeless information contained in these many teachings.

Thank you and my love to you,

Djwhal Khul
