(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright. We are going to begin with a golden white light coming in through the crown chakra. Golden white light is a combination of a very strong golden cosmic Christed energy, its very strong healing powers, and the white, which is a local Christed with also very strong healing powers. When you mix the two of them together, they not only bring about healing, they also bring about enlightenment, communion with spirit and many other things.

Alright. Today, we are going to focus on the vibration of finances on a global scale. The vibration of finances is a specific energy field, just like a tree has an aura or a human has an aura or the color green has a certain vibration, or, you know, there is a hertz frequency to the earth, etc. So the vibration of finances, as I look around the globe, what I see is an uneven pattern there.

We are going to work on, first and foremost, is increasing that particular vibration in your own energy field. Now what happens with energy or power is that it goes to the strongest source. In other words, wherever there is the most fuel or energy to hold it. So if you have a very strong vibration of finances in your energy field, you can draw to you more financial opportunities, and they’ll just simply fly at you, so to speak.

Your next objective then would be to *absorb* them rather than deflect them. So, tune in to the vibration of finances on a global level. Now there is *no reason why* this can’t be abundant for

everyone. On a global level, just take a kind of a peek there, if you will, to see your perception of it because many are very frightened about the economy now.

Let's go into your own energy field and tap into your own vibrational field of finances and *breathe*. Just simply breathe and expand it. Now you can certainly invoke your friend Jupiter, the wheel of fortune and the planet of expansion, and that energy, to assist you with your vibrational field at any level but particularly through this exercise.

So again, you simply tune into the vibration of finances as it is in your field at this moment, then you begin to *breathe* and *expand* it. Make it as *powerful* as you possibly *can*. And now you ask to sustain it at its most powerful level and you begin to magnetize or allow the flow of Nature to come towards you so that you increase your finances and your vibration of finances.

Then the next agreement, which is just a reminder because some of you *deflect* the opportunities as they come. . . you want to make sure that you are absorbing them, accepting them, absorbing and *integrating* them, so that you are continuing to increase your power.

Alright. That has been your Spirituality Article Information for this particular week. Enjoy and please share. Thank you and my love to you,

Djwhal Khul
