And here is Djwhal Khul’s latest Spirituality Article, information complimentary every Thursday:

(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright. We are going to begin please with a sort of minty green color. In the gemstone realm, it would be what is called green amethyst or praseolite and we are going to work with that kind of cool minty green light shining through the body. It is for ease and speaking one’s truth.

It is also for wealth and prosperity and it also has many other qualities that assist those that are spiritually-minded in their New Age endeavors. So it can help you stay on task for your New Age business, service, spiritual growth, personal growth; anything relating to the Aquarian Age.

Now we will take that kind of cool green color and just saturate the body with it. Now for most of you it is going to have a heating element even though it is a cool looking color, kind of refreshing really. It will tend to warm up the body a bit as you use it in the tissues of the cellular structure.

So we want this working very brightly in all levels of the physical body and then it begins to overflow into the emotional structure, the mental structure and then the spiritual structure.

Now I want to work a little bit as well with the Root Chakra. This one is at the base of the spine, first chakra, pelvic floor and traditionally this is a red color. As we evolve, it moves into a violet color, so a very pale violet; a very pale shade of amethyst. In the gem realm, maybe even the Rose de France color in the Root Chakra. So you have got a pale cool minty green everywhere in your energy field and a very lovely round Root Chakra in that very cool pale violet color, also very clear.

So we are working with the gem qualities in the energy fields therapeutically to achieve specific results. Now the violet Root Chakra eliminates that kill or be killed consciousness. It eliminates a lot of victimization. It can also be healing when sexual abuse has been present and it can have an effect upon the reproductive systems, sometimes the bladder and the lymph nodes in the lower part of the torso, so it can have some other qualities as well.

Alright. That is been the Spirituality Article information for this particular week.

As always, thank you and my love to you,

Djwhal Khul
