(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright. We come to the end of August and we are preparing for what I call another transmission. This one will be "Transmission of Kindness" taking place on the 28<sup>th</sup> of August. You can read more about that on the website under [Tele-Seminars](#).

The vibrational energy is beginning to build so that kindness is more easily practiced from within your own consciousness, as well as toward others.

So one of the things that I thought would be good to work with en masse is a vibrational color that goes along with the concept of kindness. We want to work with a mix of blue and purple and a rather deep color. Just mix blue and purple for a blended, rich color and try that on internally. Just imagine that you are soaking in it or that you have perhaps absorbed its vibrational frequency.

Now the color of kindness is a vibration that you can keep within you at all times, or when you find that you are not feeling so kind, maybe a bit stressed or something. Just pause for a few seconds and invoke that color again. Now those interested in doing a larger project on a global scale, you may want to check out the fuller event. We will put that on a DVD so that it can be enjoyed over and over.

Alright then. Let's just take a moment to breathe that color or vibrational frequency of kindness, a very deep blue purple color. And of course smile and maybe say the word "JOY".

Thank you and my love to you,

Djwhal Khul
