(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright. We'll begin with a beautiful golden white flame and I would see it dancing up through the body, dancing gold and white ribbons of light. We want to use as much as possible in the healing energies during this time period, and I've been talking about the effects of this Mercury retrograde.

It begins on September 6. It greatly affects relationships, and you may already be noticing some changes in relationships. Or, at least a hint that something will need to shift to preserve the relationship or that perhaps an old relationship is ready to drop away or that perhaps it is time to create some new relationships that are healthy, strong, confident. So pay attention to the relationship arena, and of course the most important relationship is with the Self.

You will relate to others to the depth that you are able to relate to yourself. You will also love others only as deeply as you are able to love yourself. So during this time period, it is also wise to reflect upon your own relationship with yourself, and to begin to make some internal changes that might go in the direction that you would much more prefer to go in. So those would be my suggestions for this particular time period.

It's a rather long Mercury retrograde and we have an extra Mercury retrograde in 2009. Now it also falls right after a full moon, and the Full Moon for those who are subscribed to [ALL Calls](#) will automatically be getting codes. We will be doing a special VIP call for them. We will go into detail on that call about how best to use the Full Moon energy.

In the meantime, I would say it is time to move into a power point. In other words, go deep within your own consciousness and access your own point of power. Another way to phrase that would be your point of origin from whence you came. And when you are centered in your own point of origin, then you begin to synchronize with that internal power and any other associations that you made. For example, maybe gearing your personality based on a fear or a confidence or whatever it might be. Any other associations begin to drop away, and that in and of itself shifts the internal relationship with Self.

Alright, Dear Ones, as always, thank you and my love to you,

Djwhal Khul
