And here is Djwhal Khul’s latest Spirituality Article, information complimentary every Thursday:

(Channeling begins)

Djwhal Khul here. Tashi Delek.

We are going to work with the Crown Chakra today and the Crown Chakra is being enhanced a bit here. So what I would like for you to visualize is literally the kind of water fountain that you see water coming up several places out of the ground. We want to see water spouts shooting up in one spot, then another spot, and yet another spot.

You have the influence of the Moon in Pisces right now, which is watery, and a few other things happening that indicate using mists of water on the Crown Chakra will help enhance it.

Now many of you have noticed that there is an increase in telepathic energies. You are waking up in the middle of the night audibly hearing a conversation with a friend or someone with a familiar voice. There is still a lot going on on the Inner Planes. We do have in our archives for [audios](#) or [transcripts](#) one called "**Clear Mind Control**", which is quite excellent for making the astral plane clean and clear again and again. If you think things are getting too muddled or just too busy or congested, that is a repeating tool that you can use once a week or once every other week or however often that you need it. It is just as fine reading off the transcript or listening to the audio, so whatever works for you is fine.

Now the Crown Chakra Enhancement is going to go on for probably a week and a half so I am going to say January 29 through February 6, 7, 8, right around in there. You are going to feel strange sensations on the Crown. This is already somewhat underway. Some are actually getting a ridge right on top of the head. So if you feel your head and say "Goodness, it does feel like the shape of it is changing", that is probably quite true.

Let's work just briefly with the Third Eye as well because that is the other area that I and some of the Ascended Masters have been working at enhancing. See a beacon of light going out of the third Eye, the color of a pale violet-blue. Just a beam of light or beacon, heading straight out of the Third Eye, shining way in the future. It is a pale violet-blue color.

Alright dear ones. This has been your Spirituality Article for this week.

We do have a call this Saturday which is one of our regular [Tele-Seminars](#) about "**Prosperity and Politics in the Year of the Ox**", the Chinese New Year of the Ox. It should be a very exciting call.

Thank you and my love to you.
