(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright. We're working in this particular week with the energies of Venus and Mars. The energies of Venus coming a little bit sooner and Mars going direct after several months retrograde.

Now one of the things that you can work with within your own consciousness is balancing those particular aspects. In other words, you would get in touch with your Venus energy keeping in mind that all things that exist are reflections of the Self.

So in other words, there is the Sun, there is a reflection somewhere in your consciousness of that Sun. So there is an external one and an internal one. All of Creation is made in the same manner. It's Creation duplicated.

So go within to activate the Venus aspect looking at the symbology of the Love energy, the Feminine power. You could literally take an image of what Venus looks like and bring it straight in to your Heart consciousness and feel as though you are melding with it. Becoming one. So it is no longer a polarized outer thing. It is an integrated inner thing.

Now we take the energy of Mars, which often represents War or the Masculine, and do the same thing. Essentially take an image of what Mars looks like externally, pull it into the Heart Chakra and integrate it.

When you particularly do both Venus and Mars in that exercise, and I would do them in that order, then you can carry a balance of both of those things within your own consciousness.

Now planetary changes are coming rapidly. They are actually coming a little quicker than the anticipated energies of Winter Solstice 2012. Things are quickening and happening a little sooner. So is the ability as a conscious person interested in making the World a better place, spiritual growth, personal growth, to stay in a state of balance, to not hook into fear and not let what is going on in the World affect you in a negative way.

This is what conscious Lightworkers are all about, staying present in the moment, realizing that a Divine Plan is unfolding, working with the energies as they present themselves and in this case, this particular week, it is Venus & Mars. So consciously balance those aspects within your own consciousness.

Alright, dear Ones. As always, thank you and my love to you,

Djwhal Khul
