(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright. We are coming upon a very important event here. The first of the three Sacred Full Moons, the Christed Moon, usually timed right around Easter and then there is the Wesak Moon always when the Moon is full while the Sun is in Taurus and then the Moon after that is the Full Moon of Humanity.

For Lightworkers, spiritual minded beings, those focused on enlightenment, this is a time during which things are heightened for you. In other words, if you desire to remember your dreams you are more likely to. If you desire to go deeper into meditation, you are more likely to.

So this is a time to align inwardly with your soul's design and let that particular wisdom come from the soul, not from the ego wanting or desiring it, but from the soul genuinely. "What does it want at this time in order to be fully of service or in service to Humanity or to the Animal Kingdom or to the Ascended Masters, Mother Earth, etc.?"

So you are choosing your path of service consciously and perhaps redirecting your energies so that you can get on with that choice.

So the Moon is full March 29 – 30 so this information is for that time period. Then Wesak is perhaps the most important. We will have a special teleconference call for that so you can follow a live guided meditation for that very special ceremony.

Now, what I want to invite you to do now, a sort of spring cleaning, is just make a list of everything you have not yet done. This could be your "to do" list. You know, tidy up the cupboard, travel to Argentina, get married, go skydiving, find my soul mate, whatever is undone at this point in time that is still consciously on your list "to do".

There should be mundane, career, love and spiritual focuses on all of your undones. Then I want you to just put number 1 in each category and maybe 1, 2 and 3 in each category so you are really refining this down to what is the most important.

Then it might be career to get some income flowing, it might be "save a marriage" in the love aspect. Health would also be a category, sorry for omitting that. True wealth is your health. Without your health you really have no other things, many times. It is not entirely true but it is a popular saying and I would concur with it.

Or spiritual. Maybe it is to have your Third Eye open and be more psychic. Whatever is your design in all of those, really narrow it down to "What is the first thing that I want to do". And while you are at it with your list, make notes on it, "this can be delegated", "this can be skipped", "this is no longer important". Or "I can redirect that."

Maybe I wanted to be a famous writer and I am going to redirect that to write for passion and pleasure rather than write for money or recognition. So it is time to refine and redo things. And you are reprioritizing so that your Higher Self will be very clear about what direction to make manifest first.

Alright. thank you and my love to you,

Djwhal Khul
