(Channeling begins)

Happy Wesak everyone!

We are still in the energies of a beautiful Wesak Full Moon that is the spiritual New Year, if you will, for Lightworkers and World Servers. And I do recommend that you charge some water in the light of the Full Moon. Put some out in a glass container with a lid. It could be colored glass or clear glass and let the moonlight, you can do that on any full moon, but allow the moonlight to charge

the water with the sacred energies. And you may also want to put some crystals or rocks or jewelry or something in a window sill where they can also receive the moonlight energy. Then, as you wear those objects you continue to receive the value of that Wesak Full Moon.

If you would like to take a journey to the Valley of Wesak, you can call upon me to escort you there. There is a lot of activity, a lot of ceremony, and one normally travels there with, you know, an Ascended Master, generally speaking.

Alright. I want to comment about the year ahead, briefly. So, talking about your annual spiritual new year, from this Wesak to next year's Wesak, and that will always be when the Sun is in Taurus and the Moon is full in Scorpio. That is how that is calculated.

So, the assignment or exercise, if you will, for this period is to work with development of the Throat Chakra: singing, chanting, humming, talking, maybe taking a public speaking course. Anything that you can do to really exercise that Will Center, preferably through the spoken word. And perhaps find some divine names, like Elohim, any divine name that calls to you, and repeat it with the vocal chords. That will deepen your development as a spiritual being.

Alright, dear Ones. Thank you and my love to you,

Djwhal Khul
