And here is Djwhal Khul's latest Spirituality Article, information complimentary every Thursday:

(Channeling begins)

Djwhal Khul here. Tashi Delek.

All right. We're going to begin with a lovely violet flame, allowing the violet flame to come up from the earth through the body feeling it quite marvelously purifying all aspects of self.

When you want to purify all aspects, in other words, maybe not just heal some emotions or clear some thinking, you know that kind of congested or maybe deal with a physical congestion of some sort, just all aspects. The violet flame is one of the best, in fact I'd say the most comprehensive. So the way in which you invoke it is what causes the end result. So if we say, "Violet flame, I invoke you to purify all aspects of my creation." Again, "Violet flame, I invoke you to purify all aspects of my creation."

The energy is quite powerful so we're going to say it one more time, then say it out loud if you wish. "Violet flame, I invoke you to purify all aspects of my creation." And feel it sort of waving up from the earth. I would suggest that you keep repeating it until you feel no affect. In other words, it feels like it's done. If you're feeling maybe a little tingling in the solar plexus or maybe just that rush of energy indicates that it is still working on something.

It's also a very good invocation for just before you fall asleep, or just before you are going to deal with an issue that you normally resist or maybe you just have a challenge in front of you of any sort.

All right. As always thank you and my love to you.
