And here is Djwhal Khul's latest Spirituality Article, information complimentary every Thursday:

(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright. This week I am talking about Virgo and Mercury. We have Mercury going retrograde in Virgo on Friday August 20. It will stay there until September 12 which is significant because of the influences of 9-11 Anniversary in its ninth year completion cycle. So we will have a complementary

call on Saturday September 11, 2010. We should be announcing that very soon and then by e-mail and on [Twitter/DKupdate](#).

So the Sun will move into Virgo a little bit early this year on August 22. I think it's a little bit early. It feels premature honestly.

So the vibration pattern is going to be very interesting. Some say, "Don't sign any contracts." It's actually a good time to *review* contracts, to really read fine print and make sense of it. You'll notice probably that there is a lot of fine print notices, around rules changing, around credit cards and automatic debit payments and lots of things like that.

So I can see perhaps that there'll be a bit of, maybe some confusion, also concern about computers, software specifically more so than hardware having problems, difficulty updating software, security issues, patches and things like that.

So the Virgo and Mercury connection here that we are about to enter for an extended period of time is going to be interesting. Again, go ahead and read fine print. Make sense out of things. Make sure you're comprehending, especially changes and things. Do maybe update things with databases in them. Make sure the computer has the latest updates and patches. That includes Mac and PC. Your cell phone, you know, maybe reboot. Take the battery out and resynchronize it. If you have other technical equipment, you probably will have to get it synchronized and updated. So patience with the electronics please.

When it comes to people and relationships, this is a time to get deeper inside greater understanding in how others function or work or how they communicate. Also reflecting back into Self, a good time for self-examination and a greater realization on how you function, what makes you tick, what gives you passion in life. What are the things that you really can't stand any more, etc.

Alright. As always, thank you and my love to you,

Djwhal Khul
