(Channeling begins)

Djwhal Khul here. Tashi Delek.

We are entering into a very difficult month to two months on many levels. I posted a comment on the blog on the website with some information about support materials that can be used during this time period. You can also find those at www.SonoranLight.com (just like the Sonoran desert, www.sonoranlight.com) and click on the DK specials.

The hand chosen ones that I have looked at, just kind of looking at lightworkers and humanity at large, and even children, pets, all your loved, co-workers, neighbors, etc. So there are some helpful things there for you.

This particular Spirituality Article is on "Letting Go". Sometimes you know all stresses and all the details, and it seems like what you really have to do is hold on to everything and figure it out. Sometimes, a better technique is just letting it all go momentarily and especially the emotional components causing the stress, or what you're fearing might be the outcome. *Let it go.*

Just literally drop it out of your consciousness and then fill with Love, let Divine Love, white light, kind of rush back into the body. And then you might still need to pick up the phone and make a phone call to straighten out a bill, or whatever it is.

But the main thing is to let go anything that you can let go of, let go if it is stressing you. So energetically letting it go. For some of you that might be weeding out some possessions. If you have too much clutter rather than trying to keep it all, and maybe that is lots of computer cable cords or something, let them go. Drop them off at the surplus store, the local school, the local thrift shop, put them for sale on e-Bay, whatever.

So this is a time period of letting go in order to make room for something positive to come in. When you make room energetically, and emotionally and even physically, you actually are asking the Universe to send you new things. Maybe an upgrade. Like let go of the old sofa and suddenly someone you know has a newer sofa that they would like to give you, or you can have it for \$20.00 or something. You know, letting go is *magical* in many ways.

I would also say we are going to be entering into, and there is a little more about this in the blog article for support and balance, Mercury will go direct, Pluto will go direct, we have some holidays in there. We have the 9-11 Anniversary. We have a Fall Equinox on a very odd Full Moon, energy that will cause a little more instability in the brain chemistry.

So, you know, act prudently in your letting go process. Mostly what we are looking at here is emotions that are not serving you in a positive way. *Let go.*

Alright dear Ones. As always, thank you and my love to you,

Djwhal Khul
