(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright. A very important week! We have Jupiter and Venus going direct. We have quite a lot of very positive energy. We are doing a full Teleseminar on "[Fortune, Luck and Love](#)" to coincide with it, which may be helpful to some of you.

Vibrationally speaking, we are in something that I might call a kind of atomic blast, really. That mushrooming effect where everything is just sort of blown wide open, in the universal sense of it.

I see it definitely creating some disruptions in the star system, perhaps reverberations coming to the Earth in terms of disturbing the atmosphere. Certainly magnetic disturbances.

So on the physical level, a bit challenging. When we look at the Spiritual perspective, it is a great time when perhaps even an epiphany can be experienced. So focus on what it is spiritually you would like to expand into great fortune.

And also I would say, bring any emotional or physical issues into that expansion to be resolved from the spiritual plane. In other words, rather than physical things getting worse, you want them to get better because you're elevating them to the spiritual level.

All right everyone. A great time for an epiphany. Go for it!

Thank you and my love to you,

Djwhal Khul
