(Channeling begins)

Djwhal Khul here. Tashi delek.

Alright. I'm very enthusiastic about this coming week. There are some interesting chain of events. Those who are maybe a bit more concerned about money might become even more concerned. I would say just relax and let that little bump pass by.

We have, really, the stronger romantic day is 13 of February, and then the 14th, which is technically Valentine's Day, is also World Sound Healing Day. And I invite you to participate in something, whether you do it in person, phone gathering, whatever it is. If you want to do it online and tone with others, go to templeofsacredsound.org. That's www.templeofsacredsound.org. You can also look up www.worldsoundhealingday.org as well.

At 9 am Pacific Time, so 9 am Los Angeles time, every year, on February 14, sound forth the "AH", for five minutes. Just tone in that vibration, with as many [persons] around the planet as possible in that same five minutes.

Now, of course, sound is one of the *premier* ways to healing, sound and vibrational frequencies, or colors and frequency, but sound is one of the original healing methods. Still is a very good way to do healing. So, go ahead and harness that for anything that you need personally as well as what it's bringing to the Earth and Humanity and all of the other Kingdoms upon the Earth.

Now, as we get closer to our time period here, and I do these [Articles] usually Thursday through Wednesday, sometimes we post them a little bit earlier due to travel schedules but still covering that time period, as we get toward the 16th and 17th of the month, you might find people getting a little more feisty and a little less patient. If that is happening with you, you may want to kind of retreat and again wait, usually two or three days, until the moon moves into another sign and then you're calm again. Or take some flower essences or, you know, put a crystal in your pocket, whatever it takes to kind of shift that. You can also return to that www.templeofsacredsound.org, go into one of the chambers there and receive toning healing that way. And thanks to Jonathan Goldman for that.

Alright, dear ones. That is the Spirituality Article for this Week, and we will see you again in a week.

Thank you and my love to you,

Djwhal Khul
