“ Psychically Responsible ”

February 17, 2011

This is Rev. Terri Newlon of www.TerriNewlon.com

I have a special invitation for you. We are launching a new product. Actually, my friend Anna Rita is launching a new product at www.sonoranlight.com, and you can find the link to her page from my links on website too.

We will be talking about it Saturday on a live call. Everyone is invited to join us until, of course, the line fills up, and after that it will be available on a recording. So, let me give the phone numbers.

In the USA at 10:00am Pacific or Los Angeles time, Saturday, February 19, 2011, we will do the live call at:

1.308.344.6400, access code 401987#

After that, the recorded number which you can call and listen to, it should be about a half-an-hour phone call, is:

1.641.715.3470, access code 401987#

We will post that also on our website under *Glossary of Terms*, if you scroll down to *Three Star One*, we will have it up there as well, along with an .mp3 recording that you can download.

If you are already attuned to the essence or you know you want it, just go to sonoranlight.com directly and order it from there. Mine is on the way and I can hardly wait.

A brief explanation of who Three Star One is: a magnificent, beautiful being who appeared in the sky right after the vibrational elixir was made, and we got a picture of it. That's gonna be posted as well.

Melchisadek is the Universal Logos, Three Star One is his Oversoul. So she embodies our Universe and the two neighboring Universes. Wow! It's just so wonderful that she is here. Alright, here we go...

You can also listen to the following message, and all subsequent messages which change every Thursday. The latest message is available 24/7 by telephone or computer at:

(Channeling begins)

This is Ascended Master Djwhal Khul. Tashi delek.

Alright. The psychic energies are very, very strong. We will be doing a teleseminar Friday on [Psychic And Intuitive Powers](#). They are going to keep increasing naturally for everyone on the planet.

So, children will become more psychic. You might find a co-worker, you think a question but you didn't say it out loud and the co-worker answers you out loud. Telepathic abilities are going to be quite strong. You'll be able to hear what other people are thinking. Often *on*, probably not constant but randomly.

So, psychically responsible is a very important term because sometimes you will pick up the negative thought-form that another is, you know, they might look at you and think "Those shoes don't go with that outfit" or something. That is just the way the mind happens to normally work.

It's very important that you watch your thoughts because, as I mentioned, other people can hear what you are thinking as well as you hearing them. Or at least it will be perceived in some way that the body can read it.

The other thing that will be more pronounced in this time period is body language. Less and less ability for people to, say, hide when they are appalled by something or pleased at something. The body language is going to be very pronounced. Those of you who already read body language and whatnot, your jobs will be much easier, but those who don't may want to review it. And look at your own body language, videotape yourself talking about something and then study your own body language, for example.

Alright then, besides cleaning up thoughts is, how can I say this, sort of a respectful thing to do to. If someone is thinking "Oh goodness, he's put on some weight." or something and you heard them think it, try not to be rude in responding "Oh, so you think I'm getting fat, do you!" or something like that. Just be quiet and respect that it was a thought that was in their head, not something that they spoke and pretend you didn't hear it, basically, if there's something negative, or even the positive ones. There is sort of a respect protocol that goes with being responsible psychically.

Alright everyone, have fun. Thank you and my love to you,

Djwhal Khul
