(Channeling begins)

Djwhal Khul here. Tashi delek.

Alright. We are in rapid transformation, in various configurations coming upon us now. It is very much a time to finish-up details. Anything that you have been procrastinating on, get it done.

It is also going to be much easier to do it with help. So you have a friend and you say "Oh, let's go organize my garage this weekend, and next weekend let's go help the other neighbor paint," or whatever.

So you schedule-in the activities or take turns, you know, "I'll help you clean out your kitchen cupboards and then you can help me organize my desk," or whatever. So the buddy system is very, very important right now and for some of you it will be the only way that you get things done, through accountability, you know, a promise to someone else, and a scheduled time slot.

More on the rapid transformation. The Earth changes are coming very quickly. This is a time to remember your inner strength, your inner stability and to be in a peaceful state within your Self.

For example, if saturating yourself with news makes you "not peaceful", maybe just get a few headlines to stay informed but don't glue yourself to various stories. So that's very, very important that you remember the stillpoint within during this time period.

Alright. We are going to have a Mercury coming up retrograde fairly soon, and then quite a bit of muddled information a good five days before that, so, double-check your communications.

As always, thank you and my love to you,

Djwhal Khul
