(Channeling begins)

Djwhal Khul here. Tashi Delek.

Our topic for this week is Pluto Direct in Capricorn which happens on September 16. This is kind of an ongoing influence here, Pluto in Capricorn. Pluto has a very long orbit so it stays in a particular house for a long time. It will be in Capricorn until 2023.

The lessons called forth by Pluto show up in your birth chart, so you might have a Pluto in Sag or Pluto in some other sign depending upon your age, moving back through the time including Pluto in Leo, etc. So you have strong influences.

Pluto, in this going direct, ties in with political campaigns, financial organizations, and truth or truthful communications in general. In other words if you've got something that you're hiding, it probably won't stay in hiding. Transparency is the better way to go anyway so I would say go ahead and bring forth as much truth as possible.

Take the blinders off, be willing to see the truth and hear the truth when you are looking especially at maybe government decisions or decisions that affect your pocket book or your budget.

So Pluto Direct in Capricorn has a very strong effect. It has been retrograde here for a while and I'm very much looking forward to a sort of refreshing view of what's going on in the world.

Alright. As always, thank you and my love to you,

Djwhal Khul
