(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright 11-11-11 is a very powerful day and also the kick start to a very powerful time. So I am going to talk a little bit about what you can use the energies for and then those that are in the [VIP Call](#) list will have a special call on that day, as well, that will go more in depth.

The 11-11-11 basically if you count the year 2011 and add up all of the numbers, you get the number 8 which is about power, and it's also a very strong spiritual number. So in this case, what I am recommending is that you focus upon the power of your spiritual growth, the power of your personal growth, perhaps also your power to manifest on a large scale. And it is extremely important to keep the focus positive. In other words, for the good of all. For your own good and for the highest good of all.

In other words, trying to use the 11-11-11 in a greedy or corrupt way will cause a lot of backlash for those that try to use it that way and then it also tends to generally harm others in the wake of something of that nature.

So focus on your spiritual growth development, what is it that you want: a stronger intuition, better telepathic abilities, perhaps healing powers, more Reiki energy, anything that focuses your intention in that direction is very, very good.

Now, let's work with the violet flame also because although it's a Seventh Ray energy, it helps transmute old things. We are also at what I call a half way point for Wesak. Wesak is the annual, kind of like New Year for light workers and world servers. It occurs generally in May, it's a full moon when the Sun is in Taurus and the Moon is in Scorpio and it's full. So this is the opposite time of the year: the Sun is in Scorpio, the Moon is Full in the sign of Taurus.

So your focus for Wesak this year is to keep taking thoughts and transmute them into a state of Love. So you are literally taking/flipping things around. You're taking negatives and turning them into positives, as much as possible, within Self and in the World as well.

Alright. So enjoy the energies. A quick reminder again, we are in a very intense time period that lasts pretty much through the end of this year. It started on October 28 and goes pretty much through the end of December 2011. So there's a lot of pressure in the world kind of coming in towards you. It's very important to keep a peaceful center and when you move off of it, don't stay off very long. Deliberately get back into a peaceful calm state.

Alright. As always, thank you and my love to you,

Djwhal Khul
