(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright. We have Mercury entering Capricorn and a Full Moon over the weekend and that on the heels of New Year's Resolutions and some other configurations which create a chance to have real long term solutions and it's locally, personally locally and globally.

Then we have this weekend configuration and a few other planets in the mix which bring in a bit more Love and bring things down to earth or back to home essentially.

So what all of that translates to is that the Mind is Made Manifest. Now the Mind always *is* made manifest so this is a very interesting way of looking at it.

What we're going to see is that the mind is more quickly made manifest, so be careful what you're thinking and certainly don't let your mind run amuck in a negative way.

You want to keep the mind focused on positive outcomes, positive solutions. So Mind Made Manifest. Literally everything that you can see or touch or sense is Mind Made Manifest.

So minds group together and build highways. Or mind consciousness created the Universe for example, planets, all, all things.

When we look at the personal level of Creation, the body is the mind made manifest and your personal environment would be something you would manifest as a reflection of inner and outer aspects of yourself.

So, taking that into consideration, simply manifest what your higher mind would like to see and *have fun* doing that.

Alright dear ones. As always, thank you and my love to you,

Djwhal Khul
