And here is Djwhal Khul's latest Spirituality Article, information complimentary every Thursday:

(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright. We have a Full Moon marking the end of the Tibetan Losar celebration, or the Tibetan New Year and then we have also Mercury going retrograde on Monday. It will stay there until April 4 but really give it another week beyond that to sort of clear everything up.

So Mercury being about communications may require some double or triple checking. Understand that other people may hear you incorrectly and make sure that you were heard correctly or double check your perception.

On a lot of the communications on this particular Mercury retrograde, I am seeing it being more taken emotionally rather than literally, so be careful also. And one of the ways in which you can work with that is to make sure that you fill yourself up with Love and overflow with Love *and then* begin your verbal communications, and non-verbal communications as well. So Love is the theme for this Mercury retrograde.

And then anticipate quite a bit of solar activity and then activity from other places in your solar system. So I would call it cross winds in the ethers basically: can be a little bit of a bumpy ride and it can manifest as earth changes, you know like more storms or quakes, etc. So do be alert to nature and alert to your inner power, or your Higher Power, guiding you.

That's the information for this week. As always, thank you and my love to you,

Djwhal Khul
