And here is Djwhal Khul's latest Spirituality Article, information complimentary every Thursday:

(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright. We have a very interesting New Moon. New Moon in Aries with the Sun also in Aries and then the very next day, March 23, we have Mercury moving into Pisces while it is still retrograde. So I'm seeing possible conflicts, maybe even just an *internal* conflict, like you think you should do this but maybe you shouldn't. That sort of thing.

If you're around aggressive people, I would say, stay calm, stay centered, stay based in reality. It's likely to reverberate along with some magnetic disturbances and a few other things going on in the

planet into delusional thinking for some. So do be cautious. Stay in a state of protection and safety. "I experience protection." "I experience safety." And really keep that influence going.

Now, beyond that, we have more things coming up at the start of the next week, around March 26 or so. It might come a day early or a day late for you but there will be issues around authority and power again. And this could be at a global level more so than at a personal level depending upon what you've cleared or not cleared within your own consciousness.

You might want to work ahead to make sure you're not going to experience some negative draw to yourself.

What I really want to talk about in this Spirituality Article is making a Vision Board. The energies on March 25 are perfect and again lightworkers are often staggered. So it might, you're on the front end, or in the middle or on the back end, bringing up the rear so to speak where you would be experiencing it might stagger a bit.

However the energies for invoking Fortuna and Vesta are very, very strong so I would suggest that you get magazines, articles, images. Just sort of very simple. You can take a glue stick or paste or something, make some paste and just stick them on a piece of paper. Maybe some of you have programs where you can make a collage on your computer and then print it but I do suggest that you hang it on the wall.

And your vision board should have images of where you want your life to be. Maybe dollar amounts, a picture of your check book or a picture of a check written to you for a certain dollar amount. Really embellish it. You could even take some fairly lightweight coins and paste them on, that sort of thing. Just really make a vision board for yourself.

Now if you have a relationship or a business, health concerns and what not, make it specific to your desires and really call in the feminine goddess energies for helping you manifest that vision board.

Have fun and as always, thank you and my love to you,

Djwhal Khul
