And here is Djwhal Khul's latest Spirituality Article, information complimentary every Thursday:

(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright. We're having Mercury going direct and still some muddled communications beyond that point. I am going to say that this is a time for still sort of triple checking communications.

Alright. Then energetically I am going to say that the practice of Love is what is most important now. The practice of Love being loving yourself, loving all others, loving every aspect of Creation no matter whether it suits your preferences or not and just staying with that energy field.

Now I would say also to empty the emotional body especially so and fill with Divine Love so you see your cup runneth over with Divine Love and you can just kind of keep exuding that energy.

We'll be doing the special Full Moon of the Christ call on Friday, so that's April 6, so that you can still get it a little bit afterwards if you want and that will be done from a vortex in Sedona, right on a creek, right on Oak Creek. So we're going to be working with a very strong vibratory pattern.

Let's see what else is up and coming here. Venus would be a good thing to invoke. It is very important to invite the energies of Venus and the power of Love and the practice of Love into your life constantly.

Alright. As always, thank you and my love to you,

Djwhal Khul
