(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright. Today is preparation for Wesak 2012. The full meditation is available early so if you're not already signed up for it, you can get it, start listening to it right now if you want.

The formal meeting for Wesak will start at 7:20 pm (PT) Friday May 4 so you can call in to the recording and listen with everyone else. It is pre-recorded because we are doing a building of a grid from a location in Mexico. So we'll network together on the inner planes.

For those who are not doing the formal Wesak ceremony, a little bit of preparation in some fashion is appropriate, at least meditate and tune in if you can.

Wesak 2012 is really a very important launch point because it calls the world servers in to acknowledge they're here to make the world a better place or they're here to support humanity or here to support animal kingdoms, etc. And it is technically occurring on May 5, 2012, which adds up to a 5 also, so 5-5-5 is the Wesak of many changes.

We are also in a time period that catalyzes change within people to become better people, you know, personal growth, spiritual growth. All of those things are called for in addition to finding new ways to solve old problems rather than have history repeat itself.

So we're really working with humanity in such a way that we can create smooth changes instead of rough changes over this coming time period and in the forecast we talked about pretty much everything happening this quarter.

Quarterly forecast is always available online also. And then I will say in the Wesak 2012 meditation, we have a new exercise for the amygdala, which is inside the brain, a certain part of the consciousness that either keeps you in the fear of survival energy or brings you into the love and enlightenment energy. So that is part of that particular teaching and it's a new exercise.

So in celebration of Buddha, the birth of Buddha, the enlightenment of Buddha, death of Buddha, Buddha's birthday essentially is what Wesak is, but it is also a ceremony going before Sanat Kumara, Buddha and Lord Maitreya to dedicate yourself to service and to receive some guidance: offer a gift, receive a gift.

I hope you enjoy the Full Moon.

As always, thank you and my love to you,

Djwhal Khul
