(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright. Broadcasting to you today during a thunderstorm: lightning and pea sized hail. So we have all this lovely cleansing energy coming in.

What I want to talk about this week is Venus Retrograde because we have a very important occurrence coming up that I think is a dynamic that will affect everyone, and especially so where your feminine side is during that particular retrograde.

So I'm looking here, on May 15 is when Venus goes retrograde. Between now and then or during the retrograde, if you get the message later, just allow yourself to be in a dynamic where you are accepting feminine presence.

You might invoke the [Three Star One](#) which is the Holy Trinity, feminine aspect. You might work with any of the female Masters or Angelic Members. You might call forth Venus herself or just within your own consciousness, ask to soften the feminine aspect and then bring it to the forefront of your existence.

So that while it is moving retrograde, and raking backwards over previous things that have recently happened, and especially so if you are in Venus return in your chart, you want to make sure you don't get the backlash of that energy and you want soft feminine, not any harsh energies.

So I invite you to practice, radiating Love from the heart chakra, radiating a feminine soft presence, even if you're a very masculine man, you want that nurturing kind of energy right there on the surface and communicate it to others in your existence.

Alright dear Ones, thank you and my love to you,

Djwhal Khul
