(Channeling begins)

Djwhal Khul here. Tashi Delek.

It's a momentous week to say the least. I thought that what I might begin with here is Humanity's Christed Consciousness because in this very momentous week, we have a Full Moon of Humanity, the sacred moon on June 4, along with another eclipse right on the heels of an eclipse about two weeks ago.

We have Neptune going retrograde in psychic Pisces that affects water and emotions in general and sometimes also glass or glass structures, or crystal in structures but usually glass. Like more potential for say a mirror to break or a dish to break, that sort of thing.

So we have a very potent week. Then right after that, June 5 or 6 depending on where you are, we have a Venus Occultation, so Venus Conjunct the Sun will move between the Earth and the Sun.

Mercury being closest to the Sun is also affected somewhat by this so it will have an impact upon communications.

I talked about how to prepare for the Venus energies with the heart chakra open, energy flowing through the heart chakra. That is still a very good way to do it.

And now Humanity. On the Full Moon of Humanity with an eclipse and right after we have a very strong Jupiter alliance with Taurus, you're going to be seeing a sense of expanded consciousness, a sense of expanded awareness.

An eclipse is also an opportunity to jump through say a Ring of Fire, or jump through to the next dimension, maybe jump out of an old pattern into a new way of being and I see it as a chance for that Christed Heart Consciousness to arise.

Now Humanity's true potential is Divine Love. And that is the lesson, if you will, in this entire Universe is to learn Love in the Divine manner, not in lesser manners.

So let's focus on prayer for Humanity's Christed Consciousness to awaken fully, to be fully present, and to be exercised in sisterly and brotherly Love.

As always, thank you and my love to you,

Djwhal Khul
