(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright. Things are escalating for in what I might even call a compacting crunch of some sort, earth plates compacting, emotions getting kind of compounded without even realizing it. So even those with a pretty happy temperament are finding themselves agitated, maybe even downright angry.

Beneath all anger is fear. So fear would be the core emotion or the core thing to clear. Unfortunately most people aren't per se in tune with what might be the fear and there are several things that you can do to clear fear and several things that you can do to manage anger as well.

Core fear removal is a good idea. There are some flower essences for that and such. We also have a common homeopathic called [Aconitum Napellus](#), the nickname is Aconite, A-C-O-N-I-T-E. The 30X potency will clear terror out of the cells even if you are not identifying what it is. Very good for any time after a trauma of some sort or an injury, an earthquake, a strong storm is approaching, that sort of thing, or a strong storm just passed. So Aconitum Napellus 30X is good for removing fear out of the body.

Now what I want to do in this session is just work with a kind of combination here. What I have is [vortex water](#), which we have available on the website. You can get your own machine and make your own. It spins the memory out of the water. So you take purified water that you would drink, spin it, put ionic minerals in it, and spinning out the homeopathic memory of everything else that has ever been in the water. Then we've added Aconitum Napellus 30X and then I've added a core fear removal, just 3 drops of that from [www.SonoranLight.com](#). So what I have here is a little vial of that remedy and what I am going to do is follow in the footsteps of quite a few very good dowsers because I think that that's going to be important.

You want to go on [www.YouTube.com](#) and look up "Raymon Grace" and that's R-A-Y-M-O-N, last name is "Grace" or you can go to [www.raymongraceproject.com](#) I believe it is and enjoy some of his dowsing as well.

There are many other dowsers out there so you can get a lot of support vibrationally as well as your intent to just live a better life, your intent to be happy while all these earth changes happen, your intent to make spiritual advancement and live masterfully while you are challenged by what is going on in the world.

So we're going to take this particular energy now. I am going to say just feel as though the palm of your left hand, so you can just open your left palm or both hands if you want, and just let the energy come in, especially through the left palm, but some of you receive well with both hands. Like your hands are open and someone is placing a gift into your hands and then just let the energy flow up the arms. What we are accomplishing here is 'anger and fear no more'. So what it brings with it is sort of a peace and a calm.

Remember we talk about love is the absence of fear, so when you want to release fear, you let that go and then you fill with Divine Love. You can practice that several times a day. You can let angry words go and then fill with Divine Love.

And right now what we are doing is just allowing this remedy to change the cellular structure and to change the water structure inside the body. Good. Now it is complete.

So energy work, energy work, energy work, you can't do too much of it right now. In fact you probably have to have several practices frequently per day. They are very quick like that that you can just do and then continue to move forward in life.

Thank you and my love to you.
