And here is Djwhal Khul's latest Spirituality Article, information complimentary every Thursday:

(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright. We are going to work with the Violet Flame for transformation and would encourage you to invoke St Germaine, the Ascended Master St Germaine and the Violet Flame together because we have quite a bit of transformation going on here.

We have a New Moon over the weekend which is going to be in the sign of Virgo and we're also experiencing what I might call "a cosmic expansion" as I talked about previously.

We're also in a Creative expansion. And this is a very important time to be writing down your ideas.

When I worked with the [VIPs](#) on the call "Creation Unlimited" one of the things I mentioned was to actually dedicate a book called "Your Creation Journal" and start jotting down creative ideas as they come.

It is also to say that you can invoke Third Ray energy, it's a yellow color. It works with the intellect but it also can be quite stimulating and quite expansive.

So in the New Moon energies, you can start something new, start something fresh or maybe you're just getting ready for the fall season or summer season depending upon where you live on the planet.

And then EnJoy! the creative presence. You actually want to express gratitude to the Creation for giving you this abundance of ideas.

Alright. Thank you and my love to you.
