And here is Djwhal Khul's latest Spirituality Article, information complimentary every Thursday:

(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright. We're entering what the Spiritual Hierarchy calls a "cleansing cycle". It pertains to everyone and everything. It even affects electronics to some degree so you can anticipate that you will be dealing with these things.

I want to say that cleansing the body, this is a very good time to do so, whether you maybe want to do an intestinal cleanse or parasite cleanse or candida cleanse. Get that out of the way before all of the other holidays come about.

Working with the planet, anticipate some cleansing cycles around earth disruptions, magnetic disruptions, solar storms, maybe even some debris coming from space into the earth. That sort of thing.

So this is also a time to work with your intuition. Keep it very strong.

We have Jupiter going retrograde in Gemini now. It will stay that way for quite some time, several months.

We're going to look at financial things as well. So this cleansing cycle can also apply to finances on a global level as well as on a personal level. And it's a good time to review the budget. Maybe rearrange some funds. Put more into supplement and less into entertainment or something like that. Just kind of get a feel for where you would be most stabilized.

Alright. That is the Spirituality Article Information for this week. As always, thank you and my love to you.
