(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright. Get a little bit deeper into the channel's body here. Alright. Good.

What I want to talk about this week is "Where Are We Now?"

We have 12-12-12 approaching which is sort of a crystalline activation or Christ Consciousness activation. Pardon. A little bit of disruption nearby here.

Let's focus on where we are as Humanity and what's next. We're poised at a point when the dark side of Humanity is being flushed out for the purpose of transforming it although some very clearly are allowing their dark side to have all of the power.

So as a lightworker the goal is recognize it, change it. Or recognize it, dissolve it and replace it with a positive outlook or positive action. Especially watch being dark to yourself, as in putting yourself down or sabotaging yourself in some way.

Now, where we are, really is between a rock and a hard place at this point in time. The energies are very difficult and as we get into the First Quarter of 2013, just completed the [Forecast](#) for that, we see some more challenges and some interesting points there.

Basically ask for enlightenment. Ask for awareness. Ask for the light of your soul or the light of your monad to come into your body and let that be what governs your life on the planet.

We are going to continue with some interesting perceptions of time. Time is really sort of shattered or broken up. Essentially so, give yourself less to do than more to do especially through the holiday time.

As always, thank you and my love to you.
