(Channeling begins)

Djwhal Khul here. Tashi Delek.

This is the Winter Solstice 2012 essentially. What to expect, how to behave, what you can do in service to others.

The Solstice actually happens as the Sun moves into Capricorn at about 3:12 am on 12-21 Pacific or Los Angeles time. You can find your time elsewhere.

There will be constant prayer going around the globe and you can join in that energy. We expect a major surge or wave of that energy reaching Humanity about every half hour, on the hour and the half hour. So there will be a lot going on in the ethers.

This is a time when it flushes out evil and it tests good versus evil. Thus you're going to see much like in Connecticut and over in Asia where children were stabbed, people succumbing to entity possessions. Probably such that they've been, you know, had this entity friend, so-called friend, that is truly destructive in nature.

Because of the time period, the entity can get a little more dark power and dark suggestion over the individual and so lifting up of the entities and sending them into the light is a good idea.

Being vigilant within your own consciousness to embody light and only goodness or light, not ... however you want to frame it, Divine Light or Higher Will, God's Will, whatever fits your belief system. Go ahead and do that and sometimes... (sneeze) One moment. Sorry about the sneeze.

And sometimes the vibration can be one of "I, and you state your full name, and only I occupy this body" and then you kick out any other remnants. And in the process of that you can also getting rid of old grudges or whatever, just purifying yourself, filling yourself with Divine Light is best to do at this time and then pray for the souls of others that they are able to do the same.

Alright Dear Ones, thank you and my love to you.
