And here is Djwhal Khul's latest Spirituality Article, information complimentary every Thursday:

(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright. We have quite a series of events building up here so it's a very potent time and a time when you can use the energies to be highly productive, industrious, full of strength and many other things.

So what we have occurring here is while the Moon is in Leo, we're going to have the Sun enter Taurus on April 19 and then Mars entering Taurus. We also have Venus right now already in Taurus. So we've got a lot of energy coming into that very powerful point and then we have Earth Day on April 22 and please do put your prayers in for Mother Earth on that day.

Then the Wesak Full Moon will come on April 25 with the first of three eclipses that all happen within a one month time period.

So essentially what we're gearing up here for is major transformation. Literally kind of a bull in a china shop knocking things over and breaking things and getting things ready, cleared away and ready to be rebuilt.

Our formal esoteric Wesak celebration will be on Monday April 22, that's a [Full Teleseminar](#) and a very sacred journey.

If you want to take that pilgrimage with us, it is a full Tele-conference. It is also recorded and transcribed so you can really use the energies for the full spiritual year because that is a New Year basically and a renewal of service. Now if you don't make it on that exact day, it is still available to you, in other words.

Vibrationally speaking, embrace transformation, just welcome it, don't resist it. This is the worst time to practice resistance that you could possibly imagine.

So you want to welcome changes, welcome transformation and do expect to be witnessing a lot of major transformation around the planet.

As always, thank you and my love to you.
