(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright. This particular Wesak is extremely potent because it is the first one since the end of the old cycle and it is on a lunar eclipse, then in two weeks a solar eclipse, then another lunar eclipse on the next Full Moon. So within a one-month cycle, three eclipses.

This is a Wesak of major transformation. If you didn't already do the Wesak celebration that was done live on Earth Day, that is still available on the [website](#), if you want the full journey and meditation.

However in the meantime I'm going to say: change, change and keep changing. It is going to be shifting gears, changing, last minute yoyo kind of thing. So those who like certain patterns, habits, and are not as flexible are going to have a harder time in this cycle.

It kick-starts about 5 months of deep transformation. Now we have a lot of influence in Taurus: Sun, Moon ...Sorry Sun and Venus and Mars in Taurus and then the Moon in Scorpio which makes it the esoteric Wesak. It's not particularly connected with Buddha's birthday Wesak that's traditionally an eastern celebration. So it's the Moon in the middle of the Christ moon and the Humanity moon. So...

The true ceremony, the esoteric way, is to go to the Planetary Logos and pledge yourself to service. The Planetary Logos is flanked by the Christ and the Buddha. So that is what the Great White Brotherhood teachings on Wesak are.

Alright so embrace the change. Keep welcoming it to occur and if at all possible, get extra sleep because in your dream state or while you're meditating or whatever, you're going to go on some very deep shamanic journeys during this time period.

As always, thank you and my love to you.
