(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright. The first thing that I am going to do is suggest that you wear your aura as a very large vortex. You could essentially match the solar winds and the solar energies and the storm patterns and what not by wearing a similar pattern in the auric field. It is a way of synchronizing with nature and Creation, all of Creation really. So make the aura a very large vortex.

Now this week we have the [Full Moon of Humanity](#) combined with the Vesak Eastern Buddhist Birthday celebration, which to me is not the same date as the esoteric Wesak, which is the Great White Brotherhood teachings. That was the last Full Moon.

However we do have with the Full Moon a very powerful eclipse and it is the third eclipse in a one month period. So on this one I am going to say it is "leap and the net will appear".

And as a lightworker, your best choice of that particular eclipse would be to pick one positive change you're ready to make in your life and declare it boldly during that eclipse.

With that Moon in Sagittarius, it's like shooting the arrow directly at the bull's eye. It carries the power of fire with it to create change and purify the way and will be a very good result for you.

Choose only one change please because if you get it too muddled, it stirs up the aura in a negative way. Then you get something that looks like debris flying around in the aura. And you want a clean clear very large vortex aura.

Alright Dear Ones. As always, thank you and my love to you.
