(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright. We have some very interesting things coming up this week that I want to point out to you. Those that follow the [Quarterly Forecast](#) there is more detail in that teaching but on August 4 we have really kind of an opportunity to work with healing separation. It's a Sun-Uranus-Chiron energy.

Then we have a New Moon coming up that is very, very potent. I'm going to do a Tele-seminar that day called "[Love Thy Neighbor As Thyself](#)" because it is such a potent time to harness the healing energy. Then right after that is the end of Ramadan.

So you can really work consciously with the energies now.

I want to address the topic of separation as an illusion. The truth of Creation is that it is an interconnected mesh. I could liken it to charged particles. We know of those in space but that's really what your body is: charged particles. You have charged energy everywhere.

Even what you would consider a black hole is part of the mesh of Creation. So when we look from an expansive view, separation is most certainly an illusion. When we work with the way the mind is constructed, how it compartmentalizes things and separates a desk from the chair from the telephone from the wall and that kind of thing, then we see separation as something that appears to be real but it is still technically an illusion. You're looking at one solid Creation always.

So in terms of relating to other people or situations where you feel separated out from another consciousness or another energy, again just move into that expansive state, recognize the Oneness and then also be respectful of boundaries.

So if another person has said "I don't want contact with you" or "let's talk on the phone but never after 9:00 pm" or whatever, respect the boundaries and honor their creative consciousness and your agreement with them. And at the same time realize that separation is always an illusion. Even though maybe you can't speak with them after 9:00 pm, you are still connected: the telepathic connection is there, the energetic connection is there, and you've always been Oneness.

Alright Dear Ones. As always, thank you and my love to you.
