(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright. We're going to talk this week about "Visions of Love".

We have Venus moving into Libra which is kind of a favorable balance in energy. We have the Moon full in Aquarius, which is also favorable for humanity and humanitarian acts and then a few other heavenly configurations that support visions of love.

However keep in mind that the more you create visions of love and put them out there, literally to the creative plane of consciousness, to other members of humanity, to perhaps other sections of the Universe even, the more loving you will become and the more loving the world will become.

So hold your visions of love. Literally embrace them, with great passion and feel the energy in every fiber of your being.

Alright Dear Ones. As always, thank you and my love to you.

Djwhal Khul
