And here is Djwhal Khul’s latest Spirituality Article, information complimentary every Thursday:

(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright. We’re in a very potent time period that requires quite a bit of self examination, specifically Neptune and Chiron both going direct in the psychic sign of Pisces.

In the specific way that I look at the esoteric realms, this is calling for inner healing, inner examination of one’s thoughts, where your distractions are in terms of the thought processes, and to really kind of hold yourself on task to be a better person, to be a better friend, to be maybe a better guardian of your pets, of the earth, etc.

So call upon your inward Self and your spiritual powers and all of the kindness and compassion that exists in Creation and be a channel for that. At the same time just recognizing perhaps "Oh! I want to change the way I think about a certain person or an issue or I want to improve my health in some manner or maybe even change the pet food so that it's healthier, that sort of thing.

So this is a time of self-improvement and a very productive one. It's also a time where issues around love and money are being revealed so if there's some hidden source of money for example now it can come forth. If there's some denial about lack of funds, that will come forth, etc. So truth revealed is where we are.

As always, thank you and my love to you.
